Amador Water Agency  
12800 Ridge Road  
Sutter Creek, CA 95685

To the Members of the Board;

As a long time practicing physician in Amador County, I ask that you take the following into serious consideration:

West Nile Virus-caused illness is closing in on our county. As you know, mosquitoes (which carry the virus), breed in stagnant waters. While our water resources are a true treasure that must not be squandered, I strongly recommend allotting adequate water to maintain flow in the forks of Jackson Creek year-round.

Sincerely,

  
Thomas A. Bowhay, M.D.
